

TECHNICAL DATA SHEET

PAGE 1 OF 1

# **APPLICATIONS**

Wood

Metal

**Plastic** 

**Automotive** Repair

Synthetic Leather

Adhesives

**Heavy Duty Protective Coatings** 

### **DESCRIPTION**

25-1400 is a 100% solids HDI biuret. It is a hardener for lightfast polyurethane systems.

#### **SOLUBILITY AND COMPATIBILITY**

Will generally mix with ketones, esters and aromatic hydrocarbons. Reduction should not be lower than 40% nvm, as this may cause sedimentation or turbidity, when stored for extended periods.

# **KEY BENEFITS**

Weather Resistance

Flexibility

**High NCO Content** 

### TYPICAL PROPERTIES

% Solids 100

Viscosity @ 25°C (Gardner Holt) Z1 - Z6

Color (APHA) 80

% NCO Content 21.5 - 22.5

% Free Monomer 0.5 maximum

Weight Per Gallon @ 25°C 9.2

Equivalent Weight 191
